Corporate and Company Law

BGPartner advises privately and publicly owned companies, their boards of directors, management, investors and shareholders, as well as entrepreneurs from all branches with respect to all commercial and company law issues.

The spectrum of clients in our care ranges from exchange listed enterprises to small and medium-sized companies including start-ups.

Within the commercial and company law area, we provide the following services, in particular:

- Founding of companies the establishing of branches
- Setup of organisation structures
- Financing of enterprises
- Shareholder agreements
- Succession arrangements
- General shareholders' meetings (preparing and conducting, taking of minutes, independent voting proxy)
- Assuming of board of directors' appointments
- Advising of boards of directors, management (duties and liability)
- Employment issues (employment contracts and termination agreements etc.)
- Employee share purchase plans
- Data protection in enterprises
- Corporate governance issues
- General issues related to commercial, company and capital market law (Ad hoc-publicity, management transactions, insider trading, anti-corruption etc.)
- Advising in business law matters (internal investigations, white collar crimes)
- Representation before authorities and organisations (e.g. the Takeover Board, FINMA, SIX Swiss Exchange)

Our attorneys work in all areas of contract law (particularly sales law, tenancy law, loans, employment law, contracts for work and services, mandate law, agency and distribution law). We thereby particularly offer support to our clients in solving complex contractual problems and in the design of customised contracts in German and English.

Our services in the area of contract design thus encompass the entire spectrum (contract conception, contract negotiation, contract design, contract drafting, contract conclusion, as well as contract closing).

We are also active in practice areas adjoining civil and contract law such as, in particular, liability law, debt-enforcement and bankruptcy law, as well as data protection law.
